Universal Hot Diesel (DDUHD)

HOT AND **COLD** PRESSURE WASHER

Features

- Mild steel powder coated chassis with built in forklift access
- Engine mounted on rubber anti vibration mounts
- 28 litre diesel tank made from polyethylene for durability
- 2000 rpm only engine for quieter running and less engine wear and tear
- 10hp single piston air cooled yanmar diesel engine – 2000rpm
- Triple V belt drive
- 200bar at 15 lpm
- Heavy duty 12V battery for ease of starting
- Suction pipe and filter
- By-pass return hose to fit to users water supply
- Supplied with 15m twin wire h.P. Hose, gun, lance and jet
- Hawk 3 cylinder plunger pump with ceramic plungers; brass head and stainless steel valves
- Purpose built 110v generator with auxiliary plug of 2.5 kw spare capacity to run lights, vacs etc.

The universal hot diesel hot/cold & steam washer gives the options of a stainless steel cover, wheels and handle, and whilst it will fit into small or midi vehicles, it also provides many more uses.

Optional Extras

- Hose reel
- Gearbox 540rpm version
